

The screenshot shows the Salesforce Setup interface for creating a new custom object tab. The left sidebar contains the 'Setup' menu with 'Home' and 'Object Manager' options. The main content area is titled 'New Custom Object Tab' and includes a 'Help for this Page' link. The 'Step 1. Enter the Details' section contains the following fields:

- Object:** A dropdown menu with 'Attendee' selected.
- Tab Style:** A dropdown menu with 'Global' selected.
- (Optional) Choose a Home Page Custom Link to show as a splash page the first time your users click on this tab.** A dropdown menu with '--None--' selected.
- Enter a short description.** A text area labeled 'Description'.

The 'Next' button is located at the bottom right of the 'Step 1' section. A Google Meet overlay at the bottom of the screen indicates that the screen is being shared.

Custom Tabs

Help for this Page

You can create new custom tabs to extend Salesforce functionality or to build new application functionality.

Custom Object tabs look and behave like the standard tabs provided with Salesforce. Web tabs allow you to embed external web applications and content within the Salesforce window. Visualforce tabs allow you to embed Visualforce pages. Lightning Component tabs allow you to add Lightning components to the navigation menu in Lightning Experience and the mobile app. Lightning Page tabs allow you to add Lightning Pages to Lightning Experience and the mobile app.

Custom Object Tabs
